

LITIGATION LANGUAGE SOLUTIONS

WHO WE ARE

Park IP Translations, a Welocalize company, provides translation, litigation and filing solutions for patent and legal professionals. We protect our clients' most valued assets and global brands in nearly every jurisdiction in the world. We provide complete translation services in more than 175+ languages and filing-ready documentation into more than 60 countries.

We are a leader in patent prosecution and validation, litigation language services, e-Discovery translation and document review, patent translation and filing. We also provide general legal services for all types of corporate and legal documents. Park IP delivers the highest quality translation as a result of our ISO 9001:2015 certification. www.parkip.com

VISION:

Fully realize personal and company potential, creating an insanely great company: being recognized as the most well respected, easy to work with and trusted brand in the industry.

Park IP Translations understands your litigation needs. We are translation and process experts and we serve global law firms, enterprises and legal professionals. We create defensible, tailored end-to-end human, machine plus human and machine hybrid translation solutions for all your legal and litigation requirements. We use and customize leading translation automation technology and our highly-skilled translators and post-editors of machine translated output.

SIX BENEFITS OF PARK LITIGATION LANGUAGE SOLUTIONS

1. Secure, confidential and scalable domain-specific customized machine translation solutions
2. Immediate understanding of corpus of foreign language documents
3. Translation completed in days versus weeks
4. Leverage expertise and speed of existing English speaking review team
5. Keeps first pass review at lower costs
6. Maintains quality decision-making

Whether you need certified human translations or enhanced machine translations for large foreign language datasets, Park IP Translations provides you the confidence to conduct all your legal translation work securely, cost-effectively, in an efficient and defensible manner.
